

In an effort to help train or to improve ones skills the JATC is planning on offering the following classes which will start sometime in May.

In order to be cost effective, we are providing this signup sheet so we can determine if there is enough interest.

Last year with so many members working O/T we had limited response, but are hoping more people would be willing to spend some extra time gaining skills they will have for future work opportunities.

Please indicate the class(es) you intend to take below:

ALBANY AREA CLASSES

Tool Hook Up (12-15 hrs.) _____ Date to be determined

Welding- Basic/Refresher
(13 nights) _____ Date to be determined

Haswoper 40 (43 hrs.) _____ Date to be determined

Due to the length of this class, one will have to lose some time from work
